Hello! The kids had so much fun at the Midco Aquatic Center. Next week, we will go bowling. That should be a blast too! Please remember your orange shirt. In the classroom, we will be talking about patterns and doing some fun crafts this week. The theme is backyard fun. We will be talking about the fun things we do in the backyard.

Second grade had such a fun week five! We had a great time at the Midco Aquatic Center, and are looking forward to bowling next week! This summer has been busy but full of fun. We've been keeping our minds active and having fun with our friends. We can't believe we're heading into week six already!! Just a reminder: please return any blue shirts from previous years your child has borrowed for field trips. Have a great weekend!

PK- A

Hi! The aquatic center was so much fun! This week we will get to go bowling. I am excited to see how that goes. Please don't forget to bring orange shirts for field trips and swim days. In class we are currently working on names of our friends and numbers.

3rd Grade

The kids have a great week ahead of them! We will continue our work in math and learning the state capitals. The class will be going to the art room to allow their creativity run wild. Frequent visits to the library will help us keep our reading skills up. The field trip this week is to Empire Bowl. Your child should have their blue t-shirt and socks with them. Reminder: Blue shirts should be worn to the pool and to any field trips. We have a limited number of extra shirts so it is imperative that you dry/wash these shirts and get them back for the next day's activities.

We had a blast at the Midco Aquatic Center!! Our next trip, we will be brushing up on our bowling skills! Please remember to bring our orange shirts! Our theme for this week is **Backyard Fun**. We will be talking about fun games we can play outdoors and we'll learn more about the outdoors!

This week in first grade we will be having some "backyard fun," with a watermelon unit! From math lessons to writing lessons and crafts, we will be exploring our knowledge of watermelons and their life cycle. To help with this, please have your child bring an empty toilet paper tube for one of the activities. Thank you!!! We will also be going bowling this week so be sure to wear socks on Wednesday. Lastly, just a reminder to return any borrowed blue shirts from previous years, thanks!

Katie Beldt

4th-6th

The 4th 5th and 6th grade went to the Aquatic Center for the field trip on Wednesday. Next week we hope to have just as much fun on our bowling trip on Wednesday. We are double checking shoe sizes to prepare. This week we have been learning more about Saints. We will each choose a Saint to learn about and make a poster about them. Please bring your shirts and swim gear everyday. If we do not go on a scheduled day because of weather we may try a different day.
