Ocean!

Mass

We will be going to weekly mass Thursdays at 8:00 am . If you want your child to attend please have them arrive by 7:50.

PK- A

The first week was a great start to the summer. We have been busy getting to learn our new friends' names and some class rules. The second week we will be going to the park, reading, and doing some centers

PK- B

It has been great getting to know the children as we start the summer! This week Pre-school B will learn about Memorial Day with activities including reading, coloring, and discussing the holiday and it's importance. We will head outdoors to exercise our chalking and writing skills, as well, as we trace and write letters, numbers, and our names. This week we will begin a weekly rotation of taking a group of children to the Ronning Library for preschool story time. The rotation will allow for all kids to get a chance to enjoy the wonderful stories.

Makayla Mergen

PK- C

Hello! I am enjoying getting to know your children. This week we spent a lot of time getting to know each other. I can't wait to start going on field trips and start swimming. Please send sunscreen with your child.

Jordy Bosseler

Kindergarten

Week 2 brings us our first field trip to Skate City on Wednesday and possibly our first swim day on Friday (depending on weather). Please bring swim wear, towel, and swim pass on Friday, just in case. This past week, we have been doing lots of learning games and activities in the classroom. During week 2, I am hoping to do more learning activities outside

Sarah Langin

1st

We've had a great start to our Summer Care Program! First Grade has been getting to know one another while exploring the lives of the Saints with "Saint of the Day"! This coming week we will be practicing graphing and probability in math, as well as sentence structure in reading. This week we will learning how "God's Love is as BIG as the Ocean!" Stay tuned about all the facts we learn about the ocean and the love God has for us.

Katie Beldt

2nd

2nd grade has had a great first week. We are looking forward to swimming, going on field trips and forming lasting friendships this summer. We can't wait for Skate City .

Jordan Osterberg

3rd Grade

The third grade class has been busy learning math and reading. They have played games and done worksheets to better know each other. Later, we will learn the capitals of the United States. There are many fun activities in store.

Katie Drummond

4th-6th

We have been welcoming each other to the older class of 4th, 5th and 6th , this week by learning about each other and playing games. It has been a fun week of Sudoku, Harry Potter and riddles.
