

Camp Invention-Launch

The 2017 Camp Invention is called Launch, and explores spy gadgets, rocket science, duct tape entrepreneurship and space exploration among many other fun things.

Children are empowered to have big ideas while they take on challenges that inspire them to question, brainstorm, collaborate with teammates, and build amazing invention prototypes.

Your child's creativity, innovation, and problem-solving skills are challenged and developed in fun and exciting ways.

Inspired by the National Inventors Hall of Fame
