SFCS Tutoring Program

The Achievement Academy is a supplemental academic program for SFCS students PK-12. It is a special service offered to families that includes enrichment or remedial programs to broaden and strengthen student achievement, skills, knowledge and success. It utilizes well-researched assessment, extensive resources, proven methods of instruction and a dedicated staff to design and implement individualized learning programs for each child. The program's goal is to assist parents and schools in educating students to their highest potential. Because this program is supplemental, these services are not covered under the normal tuition plan.
